Specialized Procurement

We are pleased to work together with your procurement department, closely monitoring your needs either one-time purchases or recurrent material purchases.

We will perform in-depth research of a product that would match your standards and requirements. In cases where exhaustive research should be provided to satisfy your needs, a deposit fee will be required. In the case of purchasing the researched materials, the deposit fee will be applied to your order as a credit.

Additionally, we will include exportation arrangements when needed. Our 40+ years of experience has allowed us to work with various freight-forwarders, shipping agencies and couriers to ship our products around the world.
